

CODE ENFORCEMENT

Ordinances can be found at:
www.portbarrington.net

Register

Building and Zoning is getting a new computer system! Do you have a driveway over 18 feet wide? A gravel pad? A gravel driveway? Something quirky that makes your property unique? – register it with the Village to store it in the computer system and get it grandfathered into our code of ordinances to avoid problems in the future. Email bz@portbarrington.net

Trailers/RVs

There is a new ordinance on how many trailers can be outside on your property: Two recreational trailers, and one trailer with plates class TA-3 total!

Boats and other water craft

After many months (and many meetings) a Subcommittee, Planning Commission and Village Board all worked together to finalize our new boat ordinance – The question of where they can be stored has finally been answered!

VILLAGE OF
Port Barrington

“Register your quirky situation”

VILLAGE CLEAN UP IS THE TIME ...

Spring is here. The weather is nice and the chores around the house that have been put off can now be put on the schedule – May 18th!!! Village clean up is a unique opportunity to clean out and spruce up. See reverse side for more info....

Pictured above is the checklist of the most common violations that code enforcement looks at when driving through our Village. Use it as a checklist for your property – if you aren’t sure, give us a call at Village Hall! Someone will be happy to come out and help if you are unclear.
